Perfect for the Classroom!

Installation at:
Orosi High School, Orosi, CA

**CALL
FOR INFO**

Diversiboard SKIN Wall Panels are made 100% in the U.S.A. from 18 gauge thick sheet stock. This thickness allows the panel to not take on the shape/imperfections in your existing wall and makes for a much better magnetic adherence experience than any standard dry erase board. **Diversiboard SKIN** adds a very **CLEAN, SMOOTH** look as compared to ugly aluminum-framed products.
